# Directory of Services for Schools and Families

2024/2025

9<sup>th</sup> Edition

Muscat, Oman

الإلهام للإستشارات التربوية  
Inspire Educational Consultancy

## About the Directory

It is an ongoing pleasure to produce this - the 9<sup>th</sup> Edition- of the schools and services directory. Families, colleagues in education, health and social care as well as a wide range of professionals in private practices have continued to support its development over the years since the first edition, which was produced in 2014.

Please note that the information in the directory has been obtained either directly from the services or from information available publicly on their websites or leaflets.

The aim of the directory is to be an informative resource for schools, parents/ families and other professionals. It is not intended as an endorsement of any of the services or facilities listed. We continue to add and to amend the content, however, it is not a comprehensive list of services in the country – only of some in the Muscat area and some surrounding areas. We have also included some services that are available in the GCC region.

It will continue to be an online directory in order to support our environmental initiatives.

Please contact me via e-mail at [nsinspire@gmail.com](mailto:nsinspire@gmail.com) to add your service in the next edition of the directory or if there are any amendments you would like to make to the existing information about your service.

We extend our thanks to our colleagues in different services and to the many families who have helped us by letting us know what information would be useful to them.

We hope that you find the directory to be a useful and informative starting point for your queries.

Regards,

Nadia Sultan, Educational Psychologist - Inspire Educational Consultancy

### **Creative Initiative Montessori**

CIM Nursery offers a unique daycare and Montessori based pre-school experience for children aged 3 months to 4 years. We are committed to providing parents with the best start and care for their children. We utilize a theme based curriculum customized for CIM and also incorporate Montessori practical activities for all age groups. We believe this approach reflects the needs of parents and the students who attend CIM whilst instilling the value of learning. Our goal is to take every opportunity to inspire our little students through a creative and healthy balance of teacher-guided and student-guided activities.

مدرسة واجهة العامرات الخاصة

### **Al Injaz International Private School**

Recognizing the growing need for Special Education services in Oman, the Section for Special needs has been established to cater to the students whose academic and developmental needs cannot be met through the regular mainstream educational system. Every student is assessed and an individual education plan (IEP) is drawn up which recognizes the strengths and abilities of the students, using them to enable growth in areas of weaknesses. The special educators work in close cooperation with the parents to ensure the overall development of the children. The section also helps parents to collaborate with other professionals like doctors, counsellor, therapists and so on to get the best possible care for each student.

## **Al Wafa Social Centers**

The Al Wafa Social Center relies on trained Omani volunteers to provide services to disabled children and their families. The social center receives support from national organisations, the private sector and other groups who assist with financing. Additional governmental support in the form of managerial and technical knowledge comes from the Department of Rehabilitation. These service programs are initiated by the Ministry to promote volunteering and in response to a request by an Omani national. When a request is submitted to set up a volunteer program, the application is reviewed by the center. If approved, the program is announced by the Undersecretary of the Ministry. This initiative is provided to support and aid the improvement of the children with special needs.

**Contact:** Ministry of Social Development

**Tel:** +968 24695101

## **Autism Complete Therapy**

Our goal is to give our children a chance to be better and to help them take their simplest rights from society. ## Educational Psychology Services, Educational Therapists and Consultants

### **Inspire Educational Consultancy**

Inspire is an Educational Psychology consultation service set up in Oman to offer schools, parents and professionals the very best of an evidence based EP service with the objective of making a difference to children, young people and families.

Inspire aims to promote the development, participation, learning and achievement of all children and young people between the ages of 0-19. We do this by providing a high quality consultation service which involves collaborating with those who know and care most about the child or young person. Services include working with schools and settings to support the inclusion of children with learning difficulties and additional needs through assessment and intervention, as well as offering organisational level services such as teacher training and whole school improvement. As of September 2023, services have been expanded to include Advisory Teacher Support.

# Children's Activities & Other Useful Services

## Libraries

### **Public Knowledge Library**

**Tel:** +968 24673111

**Website:** [www.publiclibrary.gov.om](http://www.publiclibrary.gov.om)

### **Let's Read**

The Let's Read Campaign began in 2007 with the aim of promoting the love of reading to children in Oman. In 2013, we were able to purchase and convert a bus into a mobile library.

Maktabati, Oman's first mobile library, now tours around Oman's interior, visiting schools, fairs and festivals, giving children access to Ministry of Education approved, good quality children's books; fact and fiction, in both Arabic and English, and giving children the opportunity to develop a love of reading.

The mobile library is in great demand and the children get very excited when the bus arrives in the school playground. Last year Maktabati distributed 21,840 books to children across the country.

Oman's first charity bookshop; The Let's Read Book Shop operates from the Al Qurum Complex (shop 116). It offers a huge selection of previously enjoyed books for all the family. The shop is open from 10am to 1pm and from 5pm to 7pm every day (except Friday 5pm to 7pm only). The books cost between 1 and 2 rials. All proceeds go to support Maktabati, Oman's first mobile library, and our campaign to promote the love of reading to children in Oman. Volunteers welcome.

## Movement & Physical Activity

### **Unlimited Sports Academy**

Global Sports Partners (GSP Oman) is honored to open an adaptive sports academy in Oman! We are excited for all children, regardless of special need or disability, to be able to learn about basketball in a secure and safe environment and to have fun with their peers. GSP Oman aims to provide an opportunity for every child and hope to serve the following communities: people with any physical disability, Down Syndrome, Autism, and various other special needs. We want to include everyone and believe in the chance for your child to participate in sports.

### **My Gym**

My Gym has developed an extraordinary program and facility devised to help children 6 weeks thru 10 years of age develop physically, cognitively and emotionally. We have hundreds of locations in more than 30 countries offering structured, age-appropriate, weekly classes that incorporate music, dance, relays, games, special rides, gymnastics, sports and more.

Children have loads of fun as they gain strength, balance, coordination, agility and flexibility while developing social skills, confidence and self-esteem. Our state-of-the-art facility, extensively trained staff, award-winning class programs, and excellent student/teacher ratio have earned My Gym the reputation as the best early learning program of its kind

### **The Little Gym**

The Little Gym is the world's premiere enrichment and physical development center for kids 4 months through 12 years. Our professionally developed, non-competitive programs have been designed to build motor skills in a fun and nurturing environment, while fostering enhanced emotional, intellectual and social skills.

Children are encouraged to try their best, not to be the best. This philosophy has served The Little Gym and its members well and it now sets the standard for high quality children's developmental programs.

Our gymnastics based curriculum will help increase your child's flexibility, balance and coordination while also improving listening skills, attention span and the ability to follow instructions.

### **Nine**

Nine is the first center providing education, support, informed choice, continuity of care and advocacy for mothers and babies in Oman. At NINE, we aim to help couples gain confidence about becoming parents. Our center compliments the clinical services that couples receive in hospital during pregnancy. We believe in a holistic approach that incorporates both body and mind. Effective preparation for childbirth improves birth outcomes and increases the satisfaction of the childbirth experience for women. This is why we offer a full spectrum of services that have been designed to support, inform and educate.

## Others

### **Dira Kids**

The vision for Dira Kids is to prepare a generation to be equipped with the tools that enable heart based action, resulting in a more peaceful existence, both inner and outer. Dira Kids is a platform for children to empower them to connect to their inner voice and the world around them. The program provides tools for children to deal with emotions and limiting beliefs by interacting with plants and animals, and understanding their connection to everything that exists. We use a holistic approach of physical, mental, emotional and spiritual wellbeing. We offer a separate Dira Youth program for adolescents as a bridge to the adult wellbeing program.
